

## OPTIMA®

### Extruded Hose Range

The OPTIMA® extruded range of industrial hoses is an exciting new and improved offering of premium quality hose.

#### OPTIMA® VERSAFLEX – RED MULTIPURPOSE EF4030

OPTIMA® EF4030 VERSAFLEX - RED MULTIPURPOSE

The OPTIMA® Versaflex Hose offers a great all-round hose that can be utilised for washdown, air, and petroleum applications. A hose for all applications that is economical and has excellent resistance to weather and ozone.

- Excellent resistance to petroleum products, diesel kerosene and lubricating oils, 50% aromatic
- Non conductive cover
- -20°C to 95°C
- Working pressure 300psi

#### OPTIMA® ECLIPSE GENERAL PURPOSE AIR / WATER PP1102

OPTIMA® PP1102 ECLIPSE GENERAL PURPOSE AIR/WATER

The OPTIMA® PP1102 black Eclipse hose is an economical general-purpose air and water hose ideally suited for use across a wide range of industrial and construction applications. It can also be used for spraying and transfer of diluted solutions of agricultural herbicides and pesticides.

- Excellent resistance to aging, atmospheric conditions and ozone
- Outstanding resistance to heat
- -40°C to 100°C
- Working pressure 300psi
- 

#### OPTIMA® MIGHTY BLUE GENERAL PURPOSE AIR/WATER HOSE

OPTIMA® MIGHTY BLUE AIR/WATER

The OPTIMA® Mighty Blue hose is a heavy duty general purpose hose suitable for many air or water applications. Well suited to contractors and construction sites for heavy duty compressed air applications.

- Versatile general purpose hose
- Ideal for stationary or mobile compressors and operating pneumatic tools
- -40°C to 100°C
- Working pressure 300psi

#### OPTIMA® YELLOW AIR HOSE PP1500

OPTIMA® PP1500 YELLOW AIR HOSE

OPTIMA® PP1500 is a 300 PSI yellow hose used in high-pressure compressed air service lines, for stationary or mobile compressors operating pneumatic tools in quarries, mining civil and road construction.

- Good resistance to abrasion and atmospheric conditions
- Highly visible safety yellow outer cover
- -20°C to 70°C
- Working pressure 300psi
